Digitize your Cleaning Efforts to Ensure Safe, Healthy and Productive Learning Environments

South Florida Janitorial and CrowdComfort partner to define, measure and validate your goals, creating healthy and safe environments for students, teachers and staff. This ensures full visibility and transparency into all cleaning efforts.

Real-time cleaning tracking by time, location and cleaning standard

Complete compliance documentation for evolving state and federal regulations

Updatable map display of campus cleaning for students, faculty and staff

Training and implementation in less than 30 days across all stakeholders

Complimentary implementation by our team and cleaning crews

Full historical reporting by location, time, staff and compliance for your team

For more information, go to www.crowdcomfort.com/sfjp

Getting Started with Cleaning Maps & Analytics

1 We help you define and validate cleaning strategy for every area of your campus and school buildings

2 We digitize your floor plans and designate your cleaning areas with optional QR Code installation on site

3 Our training staff uses a mobile device to log every cleaning by each area's specific cleaning standards

4 We actively monitor every cleaning to ensure cleaning standards are met and review data with your team
